REPORT.

—♦—

10, 11 & 12, MOORGATE CHAMBERS,

72, FINSBURY PAVEMENT,

LONDON, E.C.

FELLOW MEMBERS,

In presenting our Forty-eighth Annual Report we have again to refer to the strenuous period we have passed through during the last few years, and the one just gone has possibly been one of the very hardest we have experienced.

Trade was fairly good throughout the year, and no effort was spared to improve the working conditions up and down the country wherever a favourable opportunity presented itself.

This continual fighting, either by strikes or lock-outs, necessitated, of course, a series of general levies being placed on the members, and we are pleased to be able to say that, for the most part, these were paid ungrudgingly, though there are in all societies a few grumblers who always expect to get something for nothing.

WAGES, HOURS, AND WORKING CONDITIONS.

Wages have been materially raised in many districts, including the following: London stone carvers 2d. per hour, Manchester and Liverpool stone carvers 1d., London cabinetmakers, chairmakers, and machinists $\frac{1}{2}$ d., East London, various shops $\frac{1}{2}$ d., and hours reduced to 50 per week, Bristol 10 per cent. on piece prices, Wooburn Green from $\frac{1}{2}$ d. to 2d. per hour, and reduction of hours from 56 to 50, Halifax $\frac{1}{2}$ d., West Bromwich $\frac{1}{2}$ d., Newcastle Nos. 26 and 80 Branches $\frac{1}{2}$ d. per hour and 10 per cent. on piece prices in certain class of shops, Birmingham 4s. 6d to 6s. 6d. per week, Chorley $\frac{1}{2}$ d., Preston $\frac{1}{2}$ d., Hull $\frac{1}{2}$ d. to 2d., Sheffield 10 to 30 per cent. in wholesale shops, Liverpool retail shops 1d., Leeds polishers $\frac{1}{2}$ d., Beith and district $\frac{1}{4}$ d., Cheltenham $\frac{3}{4}$ d., women polishers C.W.S. Manchester $\frac{1}{2}$ d., Cheltenham carvers 1d., Lancaster polishers $\frac{1}{2}$ d.

and 49½ hours, Aberdeen ½d. and ¾d., Gloucester ½d. in car shops, polishers at Laird's shipyard, Liverpool, 2s. 9d. per week, Edinburgh carvers ½d., Brighthouse 10 to 20 per cent., glassworkers, No. 119 Branch, code of working rules and various advances, Clyde and N.E. coast shipyards 1s. per week, Blackburn and Accrington ¾d., Cork 3s. per week, Dublin 9d. per hour for 50-hour week, Swansea ½d., Glasgow carvers ½d. on minimum, Rochdale 1s. per week, Burnley ¾d., Shipley ½d., Dundee ¼d., Sunderland 9½d. per hour for upholsterers, polishers, and machinists, Kirkcaldy advance on piece rates, Barrow polishers, Ipswich carvers and Middlesboro' have also got advances, Newcastle glassworkers ½d., Bedford carvers ½d., Bolton ½d., and reduction of hours to 51, Wigan ½d. to 1½d., Southampton ½d., Manchester fitment shops ½d.. St. Helens ½d., Manchester polishers ½d., Liverpool polishers, retail shops and shipping firms 10d. per hour for 46½ and 48 hours per week respectively. Improvements were also gained in the conditions of the Manchester glassworkers.

ORGANISATION, MEMBERSHIP AND BRANCHES.

Notwithstanding the fact of there having been so many Trade movements, in different parts of the country, a good deal of organising work has been done, many new members enrolled and new branches opened at Lincoln, Ipswich, London Stone Carvers, St. Helens Glassworkers, Glossop, Ravensthorpe, Norwich, Llanelly, Birmingham Glassworkers, Birmingham Women Polishers, Hayes, Spennymoor, Leek and Coventry.

Unfortunately we have been compelled to close branches at Ayr, Arbroath, Wooburn Green, Pianoforte Workers (No. 70).

A vote was taken during the year on the admission of Furniture Packers, with successful results.

Our membership at end of year was 15,707, this being the very substantial increase of 5,473 on previous year. We have never previously had such a splendid result, and it looks as if the men in the trade were at last waking up to their duty.

Two hundred members have emigrated or left the trade, and 61 have passed away, as also 32 members' wives. To those members who have suffered the loss of relatives, we extend our sincere sympathy.

Ninety-two members have been expelled for acting in some way or another detrimental to the interests of the Association.

BENEFITS AND FUNDS.

The following statement shows the various benefits paid to members during the past year, together with those paid for 1912, for purposes of comparison.

A summary of the total assets is also given :—

	1912.				1913.

	£28,632	16	11½		£26,955	0	1		Decrease	£1,727	16	10½

The average amount per member paid in out-of-work benefit during the year was 8s. 1½d. per member; dispute, £1 6s. 7d.; sick, 17s. 8¾d.; funeral, 7½d.; travelling, 3¼d.; and emigration, 2¼d.

The cost per member of E.C. and Branch Expenditure, minus contributions to G.F.T.U., Labour Fund Expenses, and Association Benefits, but including Dispute Expenses, was 14s. 3¼d., being a decrease of 4s. 0¾d. per member as compared with previous year.

The following summary shows our total financial worth to be :—

	£	s.	d.

Estimated Asset of G.F.T.U. contributions	1,200	0	0
Total.....	£7,883	3	8

Total worth per member, 10s.

The total sums paid into the G.F.T.U. (exclusive of the late A.S.F.P.) up to end of 1913, amount to £7,177 2s. 2d., of which

sum, we reckon as in past years, £1,200 as an asset, our dispute liabilities being covered to the extent of 5s. per week for the first eight weeks members may be on dispute.

Our financial worth per member has decreased considerably, but it has to be borne in mind that we have been engaged in many severe fights during the year, and we have no desire to be able to show a big banking account if such is the price to be paid for inaction, and if we have to refrain from even attempting to raise up and improve the conditions of those who are lowest down.

At the same time, we must point out that now and again we must have a breathing space, otherwise we cannot expect to be so effective as we would otherwise be.

When we fight, we must if we are wise, choose the time and opportunity which experience tells us are the most likely to bring success.

Our Association is the driving force in the furnishing industry, and stands for higher wages and shorter hours in the whole of the trade, and not merely one comparatively small section, and members should be ready to point this out to their fellows.

The arrears at end of year stood at £3,045 5s. 8d., making an average of 3s. 10½d. per member.

This shows a decrease of 1s. 5½d. as compared with previous year, and the still high average is undoubtedly due to the many levies which have had to be imposed, and if campaigns for improved conditions are entered on they must be paid for.

Members should take a pride in keeping their cards clear.

SICK SECTION.

The Sick Fund stood at £868 0s. 1d. at end of year, being an average of 4s. 2¼d. per member, and it is hoped that the increased contributions, provided for in the new rules, will place it on a more secure footing.

The membership is 4,140, being an increase on the previous year of 227.

TOOL INSURANCE FUND.

The total worth of this fund is £3,553 14s. 2½d., an increase of £265 7s. 11½d. as compared with 1912.

LABOUR FUND.

This fund is practically non-existent, and many branches have subscribed nothing whatever, the idea being, we suppose, that funds are not now required, since payment of Members of Parliament came into force.

There never was a greater mistake, and we sincerely trust the new year will witness a great difference. Arrangements were being made towards the end of the year for the taking of a ballot vote under the new Act, but that is a matter which must stand over until another year.

The total income during the year was £11 6s. 7d. and the expenditure £34 12s. 6d.

The fund was indebted to the General Fund to the extent of £1 4s. 5d. at close of year.

DISPUTES.

There have been a considerable number of Labour disturbances during the year, the principal centres affected being Bristol, London, Leeds, Liverpool, Birmingham, High Wycombe, Sheffield, Hull, Dublin, Sunderland, Woburn Green, Swansea, and Cardiff. Some of these disputes were settled in a few weeks, others running into many months, and towards the close of the year we were called upon to shoulder the heavy responsibility of a lock-out at High Wycombe.

In all of these places the men, and in some cases women also, put up a splendid fight, and blacklegs were few and far between. As a matter of fact, this was one of the outstanding features of our many disputes, and we have every reason to be proud of the solidarity shown. The spirit all over was splendid.

GENERAL.

Conferences with employers have been held in various parts of the country, several having taken place in Glasgow with the Scottish Furniture Manufacturers' Association, over questions of wages and other conditions, as also re the non-union question.

The Manchester and Liverpool Federation were also met on more than one occasion, also London, Bristol, Birmingham, High Wycombe, and elsewhere, the above all necessitating additional conferences with other societies, owing to the fact that our hopes of

last year have not yet been realised, and there are still in existence a number of more or less small sectional societies.

A conference was held in London and a basis drawn up for amalgamation, but unfortunately the members of the other societies failed to vote in favour, our Association as usual, however, voting strongly in favour.

It is worthy of note that the same result has always come about, so far as we are concerned, no matter what the basis has been, and it has also to be noted that others have voted against, even when their own rules had been practically accepted.

The Rules Revision delegates met during the year, and important alterations were made on the rules, the Sick Section afterwards receiving the special attention of the Association.

This necessitated a deal of unavoidable delay, the new rule for Labour Representation having also to be afterwards considered.

An important vote was taken on the question of overtime, there being an overwhelming majority in favour of its abolition, this being a sign of the times, and should go a long way to advance this question.

The General Secretary has had a great many compensation cases to deal with during the course of the year, some requiring considerable attention and taking up a deal of time.

The benefits of the Workmen's Compensation Act have thereby been secured for those members who unfortunately met with accidents, and it is safe to say that in many of the cases little or nothing would have been got had the members not been wise enough to join their Trade Union.

CONCLUSION,

We can look back on the year that has gone with some feeling of satisfaction, notwithstanding the fact that it has been such a strenuous one, with little or no breathing space, knowing that some little improvement has been made in the lot of our class.

It is idle to say it is so small, and that the cost of living has risen so much, that the advances secured do not compensate for the decrease in the purchasing power.

The fact remains that the cost of living went up regardless of whether the workers were able to enforce higher wages or not, and this has to be borne in mind.

At the same time there is no denying the fact that progress is very, very slow, and we think this can be partly accounted for by the lack of unity amongst the workers.

One section suggests one thing and one another, and instead of striving to find out their points of agreement, we are afraid the points of difference are unduly magnified and many harsh words are needlessly used.

One section pins its faith to the weapon of the strike only, the other to the political, and as we have more than once pointed out, the situation requires a judicious combination of both. There is also the weapon of the boycott, which, judiciously used, can be made very effective.

We must keep pressing on towards the goal of full emancipation, when wealth will be produced for use and not for profit, and a happy and contented people will be looked upon as being the real aim of a nation.

On behalf of the Executive Committee,

Yours fraternally,

ALEX. GOSSIP, *General Secretary.*
